## PROTEST GROWS ON HOG PRICE FIXING

350 Produce Exchange Mem bers Sign Petition to Gregory.

OTHER PROTESTS MADE

Demand for Resumption of Old Supply and Demand Method Is Made.

It is popular for city folks to make a close of trading yesterday. That the protest against a continuance of the Governmental price fixing programme was borne out by the eagerness with which the great majority of them signed.

Men stood about in groups all day discussing the agitation in favor of Federal action that will help to bring down the sky high costs of living, and apparents of

Another call came from a Stock Ex- Helena eggs are produced mostly from wheat.

Without wheat a smaller milk flow and no eggs. It requires wheat to produce eggs. The high cost of poultry feed has caused a great reduction in the poultry flocks. No one has nearly gs many cided that it was a matter that confliction. cided that it was a matter that con-cerned foodstuffs sione, and agreed to limit their particular activities to the men who are engaged solely in the have sold all their hens. This is going to mean a great shrinkage in the number of eggs the coming spring, and eggs and poutry and milk will be high in price until the price of wheat is reduced.

This is going men who are engaged solely in the Sait Lake City 4s handling of the products of agriculture. San Antesio. 61 San Diego. 62 San Francisco. 63 San Diego. 62 San Diego. 62 San Diego. 63 San Diego. 64 San Diego. 65 S

> up to them to do so. Many Produce Exchange houses re-ceived telegrams yesterday from Chi-cago and elsewhere urging those working to restore old supply and demand to their former places in the scheme of things, to keep up their agitation until things, to keep up their agitation until something is accomplished that will help American business get back to normal. The gist of many of the messence are corded by the official their sages was to the effect that artificially high prices cannot be maintained long in the face of the general agitation the face of the general agitation throughout the country.

It is known that some bankers who have advanced firms loans on their holdings of flour have opposed the proposition that anything be done about Uncle Sam's strong hold on the wheat situa-tion until after the 1919 wheat crop has been disposed of at the Government's guaranteed price of \$2.26 per bushel Their argument, which is admitted by many to be a perfectly natu-ral one, is that if the artificial, or xed, price is abandoned and that wheat be sold at world market prices the price of flour will drop and the value of the original flour holdings to which they have made loans up to 20 per cent. would shrink. The men who have sug- | Florentey Quartet concert, Ac dorf Astoria, T.P. M.
